

Differentiating between brake calipers BHN202E/BHN203E and BHS184E/BHS185E

The a.m. brake calipers are identical except for the handbrake lever. For some vehicle applications, there is an overlap in the year of manufacture for part allocation. For quick and correct part identification of the brake caliper, please note the figures.

BHN202E / BHN203E

BHS184E / BHS185E
