

## Different design – same function

The TRW design, for the parts shown below, is different to the OE design. Whilst the visual appearance has changed, the fitting/function is the same, both styles use the same h/brake cable therefore both designs are suitable to repair/maintain the brake.

### TRW-Design

Affected part numbers:

- GSK1743
- GSK1771
- GSK1772
- GS8686
- GS8687
- BK1744

### OE-Design

### TRW-Design

Affected part numbers:

- GS8472
- GSK1151

### OE-Design
