

VKM 23244

Technical Bulletin - February 2006

PSA 1.9 D (DW8 engines) & PSA 2.0 HDi 8V (DW10 engines)

VKM 23244 has been replaced by VKM 23246.

As the new design is common with the timing idler in VKM 23246, VKM 23244 has been replaced by VKM 23246.

PSA has recently modified the content of OES kits for the DW8 and DW10 engines, in fact the timing idler went through a design evolution.

The new design of the timing idler has a plastic pulley whereas the old design has a metal pulley.
