

MEYLE ball joints

to fit Renault Clio II / Kangoo / Mégane I / Scénic I

Ball joints mounted on the above mentioned models cannot be sourced separately from original spares suppliers. Save yourself a costly and time-consuming complete control arm replacement with the MEYLE repair solution. MEYLE top-grade ball joints for Renault can be ordered separately (quoting numbers 16-16 010 0007 and 16-16 010 4264) and include a complete set of mounting hardware.

16-16 010 0007:

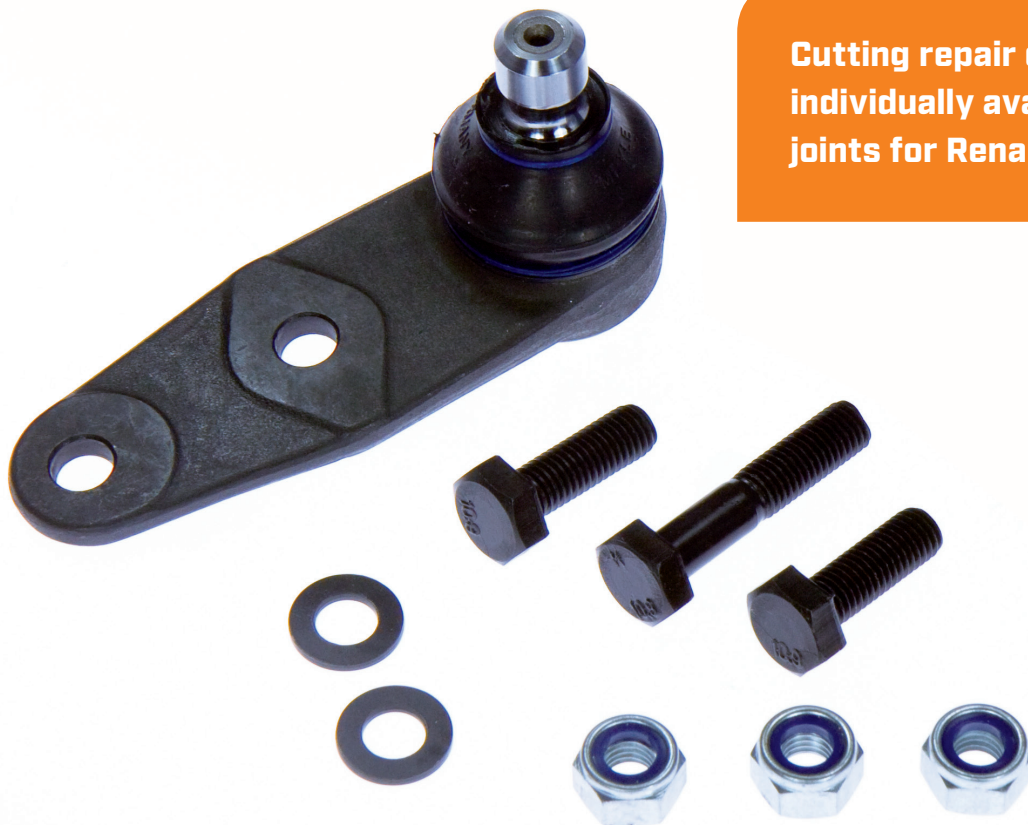

12 mm bolts and nuts

16-16 010 4264:

10 mm bolts and nuts

Caution!

The two ball joint versions are distinguished by the fastening screws used to bolt them to the control arm. **Do not replace ball joint version 16-16 010 4264 [featuring 10 mm bolt] by ball joint version 16-16 010 0007 [featuring 12 mm bolt]!**

Cutting repair costs with individually available ball joints for Renault models.

MEYLE No. 16-16 010 4264
